

## Welcome to Moody!

I believe that your coming to Moody is no accident: God brought you to this school, in this city, at this point in your life, for a specific purpose. I look forward to meeting you in person and learning more about your story.

Today you are joining a unique community of men and women who are excited about following God and living on mission. In

fact, for more than 134 years, Moody has been preparing what our founder called gap men and women, ordinary individuals who God uses as change agents to accomplish His purpose in the world.

Now it's your turn! Our faculty, alumni, and staff have been praying for you and looking forward to your arrival. Specifically we are praying that Moody will be a powerful transformational experience. You will be challenged to study, learn and grow—I hope you will fall deeply in love with God and His Word as you prepare for your mission in life.

Moody students also learn by serving at ministries in the Chicago area. You will be busy—creating memories, making lifelong friends, growing under godly professors, and stretching ministry muscles by practicing what you learn.

My prayer is that God will use this time to grow you and prepare you to make a difference whatever your vocation may be. And when you are ready to leave this place, you will be grounded in your faith, equipped through your education and ready to engage in your calling. The journey begins!

Dr. Mark Jobe

President, Moody Bible Institute
